

Post-Proposal (B2) Quantitative Workshop Descriptions

Dissertation Boot Camp Program

1000 N. West Street
Suite# 1200
Wilmington DE 19801

Welcome Sessions

The boot camp program will begin with a live virtual welcome session during which instructors will share introductions, overview of the program's curriculum, benefits, additional program opportunities, as well as establish student value-based goals setting.

APA Writing Workshops

Instructions in "What's New In the 7th Edition APA Manual" style writing. Instructors will review common problems and successfully prepare the student for scholarly writing and publishing in an academic setting.

Library Research Workshops

Live demos on how to access library databases; evaluate, synthesize, and organize reference management software.

Scholar Colloquia

Students share their research topics in the form of a poster board presentations.
